

Create Node Red Service

Team ID	PNT2022TMID17235
Project Name	Personal assistance for seniors who are self reliant

The screenshot shows the IBM Cloud console interface. The top navigation bar includes the IBM Cloud logo, a search bar, and links to Catalog, Manage, and the user's account (Karthiga S's Account). The main content area displays the details of a service instance named 'node-red-icgzt-2022--cloudant-1668370004888-46483'. The instance is in a 'Provisioned' state. Below the instance details, there is a 'Connections' section with a search bar and a 'Create connection' button. A table lists the connections, showing a single connection named 'Node RED DOPTA 2022-11-14' with a status of 'Started'.

Name	Group	Route	Status
js Node RED DOPTA 2022-11-14	medremainder / test1	node-red-dopta-2022-11-14.mybluemix.net	Started

The screenshot shows the Node-RED web interface running on IBM Cloud. The header displays 'Node-RED on IBM Cloud'. The main content area features a large red banner with the text 'Node-RED' and 'Flow-based programming for the Internet of Things'. Below the banner, there is a section with text describing Node-RED as a programming tool for wiring together hardware devices, APIs, and online services. A button labeled 'Go to your Node-RED flow editor' is prominently displayed. At the bottom, there is a link to 'Learn how to customise Node-RED'.

Node-RED is a programming tool for wiring together hardware devices, APIs and online services in new and interesting ways.

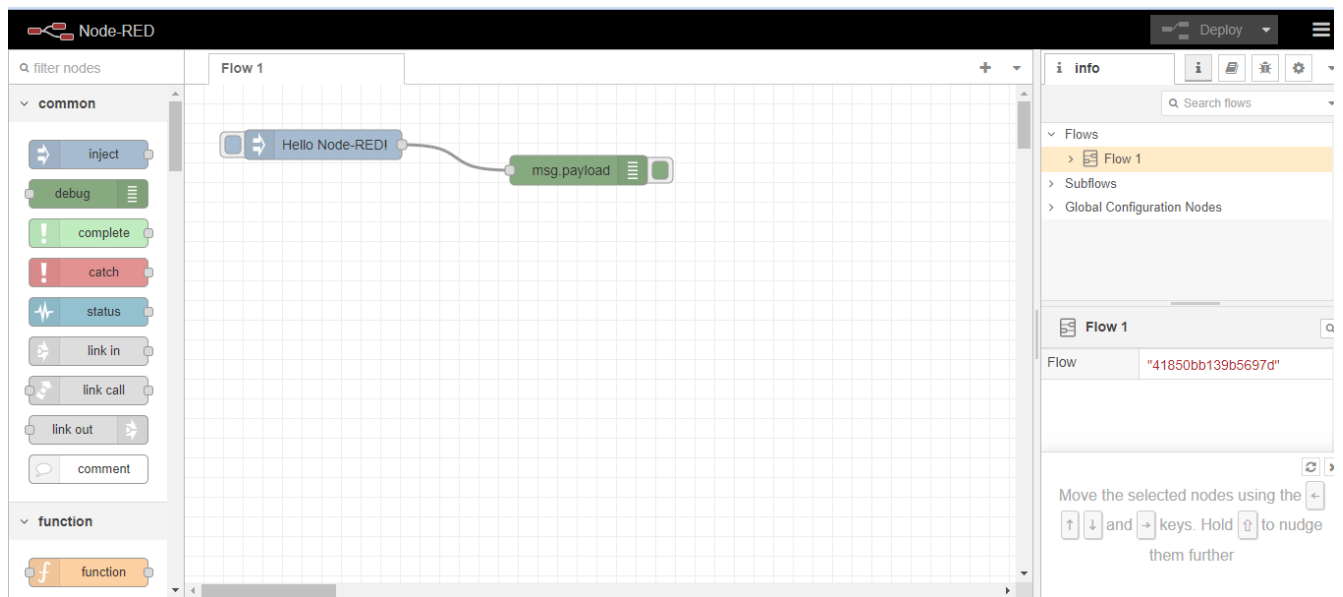

This instance is running as an IBM Cloud application, giving it access to the wide range of services available on the platform.

More information about Node-RED, including documentation, can be found at nodered.org.
